Per instructions from Assistant Director Evans, the Legat, London, C. W. Bates, was contacted by telephone by SA J. M. Sizoo on 6/29/63 regarding captioned matter.

Bates was briefed on the story in the "New York Journal American" of 6/29/63 headlined "High U. S. Aide Implicated in V-Girl Scandal" written by James D. Moran and Dom Frasca. This story claimed that "One of the biggest names in American politics--a man who holds a very high elective office--has been injected into Britain's vice-security scandal." Information for the article was reportedly obtained in a trans-Atlantic telephone interview between the reporters and Maria Novotny and British newspaperman Peter Earl, the day of the article publication.

The article stated that a "Chinese-American girl" was the former paramour of the American Government official and while the girl's name was not given by Novotny and Earl, the article claims that "the highest authorities here and in England identified her as Suzy Chang" who has been implicated with Dr. Stephen Ward of the Profumo-Keeler case. Chang was said to be in London currently. Novotny in describing the alleged U. S. official stated that like John Profumo in Britain "your man also has access to government secrets."

Bates was instructed to convey the essence of the "Journal American" story, plus the fact that the editors denied having the name of the "U. S. Aide," as well as the results of [redacted] interviews of Chang and Novotny on 6/24 and 6/27/63, respectively, to Mr. Kenneth O'Donnell, Special Assistant to the President, with the President's party in England, or to Pierre Salinger if Mr. O'Donnell could not be reached, as a confidential message for the President. Bates was instructed to advise the Bureau by telephone of the results of his contact with O'Donnell or Salinger as soon as possible.

Bates was also told [redacted] to reinterview Suzy Chang and Maria Novotny in order to pin down the facts concerning the [redacted]

ENG.

A "News of the World" article dated 6/30/63 by Peter Earle contained an interview with Novotny. She stated the party where a man appeared in the nude except for a mask was at her house. She claimed the man wore short striped pants and a black mask. She stated he was not a politician or connected with the government but he was from a titled family. She states in the article that it had been suggested that while in New York she knew men who were friends of high-placed politicians. She said this was true and if either the FBI or [] wants to talk to her she would cooperate.

b7D

(U) Legat's cable indicated, however, that during an interview by police with Novotny she said she would not talk to the FBI. (S)

(U) The cable also indicates that police still claim Towers is not in London. (S)

[REDACTED] said that he was quite sure [REDACTED] was in the clear on
this, inasmuch as [REDACTED] had passed the information along to a cabinet
level and any failure to take action on the information, as concerns
Profumo and others, was a policy matter handled at a high government
level.
